| | 1.2.1 | See CTMAN 80-045-CC-LEM, License Entry and Management for description of system functionality with regards to the establishment of SOM levels, as well as how to access this information. | |
| Order Processing Representative License Administrator | 1.3 | The list is to be updated by written request to the customer approximately 30 days prior to the expiration date of the current registrations. | |
| | 1.4 | The license administrator will review the SOMS report, and then contact the customer to confirm the quantity ordered and verify the reason for a larger or more frequent order. | |
| | 1.5 | Once this SOMS report is confirmed and verified by the Customer, the SOMS report is signed and marked with a reason code by the license administrator and submitted to the Supervisor or Management for review and signature. | |
| | 1.6 | The license administrator will be responsible to ensure that pending sales orders on hold due to suspicious order (SOMS) violation are investigated. | |
| | 1.7 | The license administrator will release pending orders due to SOMS violations by canceling the order, or reducing the quantity, per customer requirements. | |
| | 1.8 | If the SOMS violation cannot be resolved by canceling the order or reducing the quantity, the license administrator will escalate the suspicious order to the next level. | |
| | 1.9 | Determine if the order does or does not classify as suspicious. | |
| | 1.10 | If a valid reason (based on objective criteria) does not exist, the order will be deemed as a suspicious order and will not be filled. Report suspicious issue to Control Substance Compliance Department. | |
| | Controlled Substance Compliance Department Order Processing Representative | 1.11 | The control Substance Compliance Department will determine the next level of Communication. |
| | | 1.12 | File a copy of the SOMS Report, along with the customer purchase order, in the suspicious order record file. |
